

Divinity Hill

Product Specifications

Model number: COMM-1DIVIH

Child Capacity: 28 to 32 children

Age Range: 2 to 12 years

Safety Zone: 35' 2" x 31'

Fall Height: 60"

Post Diameter: 3.5"

ADA Compliant 

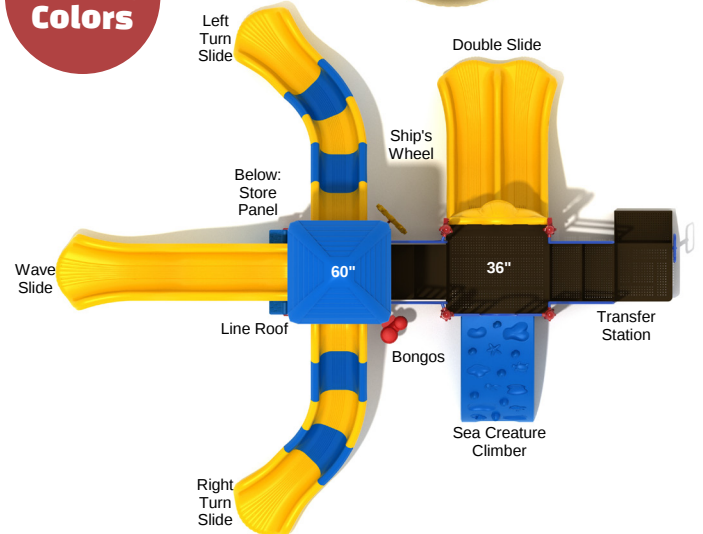

Elevated: 5 components

Ground Level: 3 components

Neutral Colors

Primary Colors

MEETS NATIONAL STANDARDS FOR:

 **ASTM F1487-17**

 **CPSC GUIDELINES #325**

Product Description

Children love the thrill of the wind in their hair and the rush in their tummies as they zoom down a slide, and the Divinity Hill play structure takes this excitement to the next level.

A bumpy Wave Slide is accompanied on either side by two more slides, a Left Turn Slide and a Right Turn Slide. These turning slides add an extra element to play as instead of going straight down they have a sloping, winding turn to enjoy before they reach the bottom. The Double Slide is the perfect opportunity to engage in friendly and cooperative competition with friends as there are two slides side by side ideal for racing. Turtles and starfish make an appearance on the Sea Creature Climber which presents a novel way to reach the upper slide platforms. Bongos and a Ship's Wheel provide extra tactile experiences for children, and imagination can be sparked even further thanks to the Store Panel which invites shopping scenarios where they can buy and sell their goods.
