**Fall Height:** 84"

**Post Diameter:** 3.5"

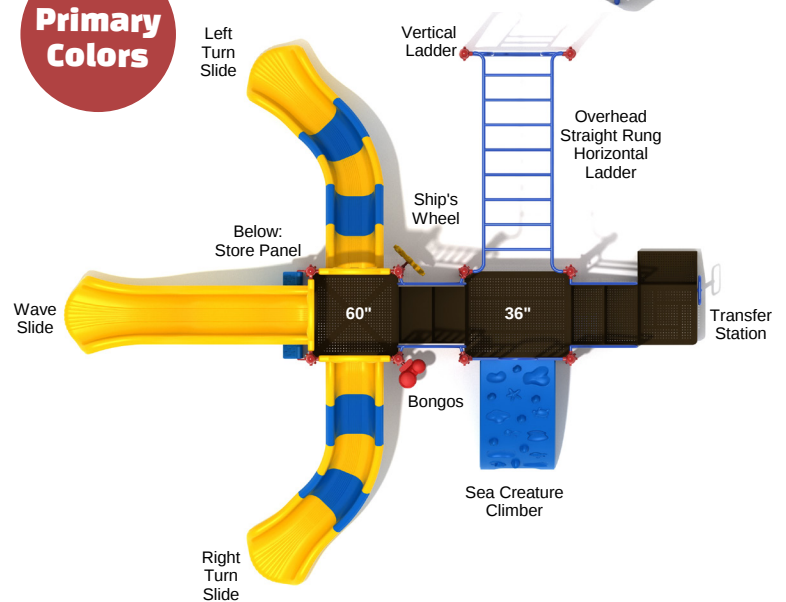

**ADA Compliant** 

**Elevated:** 5 components

**Ground Level:** 4 components

**Neutral Colors**

**Primary Colors**

MEETS NATIONAL STANDARDS FOR:

 **ASTM F1487-17**

 **CPSC GUIDELINES #325**

## Product Description

The open structure of the Montauk Downs adventure apparatus is super for playing on during both winter and summer months and provides endless opportunity for play. Children are spoiled for choice with three slides and three children can race down at the same time either on the bumpy Wave Slide, the Left Turn Slide or the Right Turn Slide to see who reaches the bottom first.

Getting onto the equipment to reach the platforms is made much more fun with the addition of an imaginative Sea Creature Climber to inspire a watery world of adventure. For a physical challenge, there is also an Overhead Straight Rung Horizontal Ladder to navigate which is accessed by a Vertical Ladder. It can be used to get on or off the Montauk Downs equipment. A Ship's Wheel continues the nautical theme and the Bongos bring a tribal sound to the playground. There's even a Store Panel for playing shop with friends.
