

# Sunset Harbor

## Product Specifications

**Model number:** COMM-1SUNSH

**Child Capacity:** 25 to 29 children

**Age Range:** 5 to 12 years

**Safety Zone:** 28' 9" x 28' 8"

**Fall Height:** 84"

**Post Diameter:** 3.5"

**ADA Compliant** 

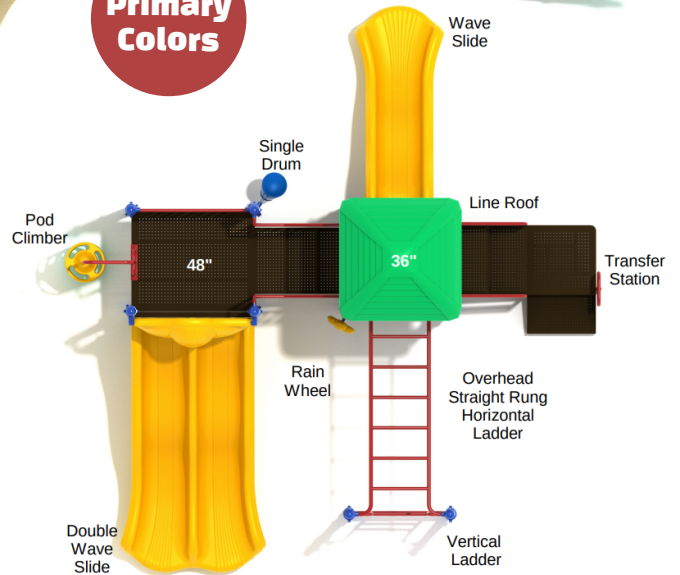

**Elevated:** 3 components

**Ground Level:** 2 components

**Primary  
Colors**

**Neutral  
Colors**

MEETS NATIONAL STANDARDS FOR:

ASTM F1487-17

CPSC GUIDELINES #325

## Product Description

Capture the attention and imagination of children with the Sunset Harbor playground designed for use outdoors in a school playground, shared communal play area or public park. The equipment provides children multiple opportunities to use their body and brain in a range of exciting ways.

To get to the upper levels of the play set children can choose to take the easy route using the Transfer Station platform or go for a more challenging route by climbing the Pod Climber which features circular disks with handholds. For the adventurous types who want to put themselves to the test and show their peers how strong they are, the Overhead Straight Rung Horizontal Ladder gives them the chance to exert themselves and swing their way across to the upper platform. Getting off the Sunset Harbor is just as exciting as getting onto it, as there's a Single Wave Slide and Double Wave Slide to choose from. The Single Drum and Rain Wheel provide a welcomed auditory experience.
