

# Village Greens

## Product Specifications

**Model number:** COMM-1VILLG

**Child Capacity:** 18 to 21 children

**Age Range:** 2 to 12 years

**Safety Zone:** 27' 4" x 27' 1"

**Fall Height:** 48"

**Post Diameter:** 3.5"

**ADA Compliant** ✓

**Elevated:** 4 components

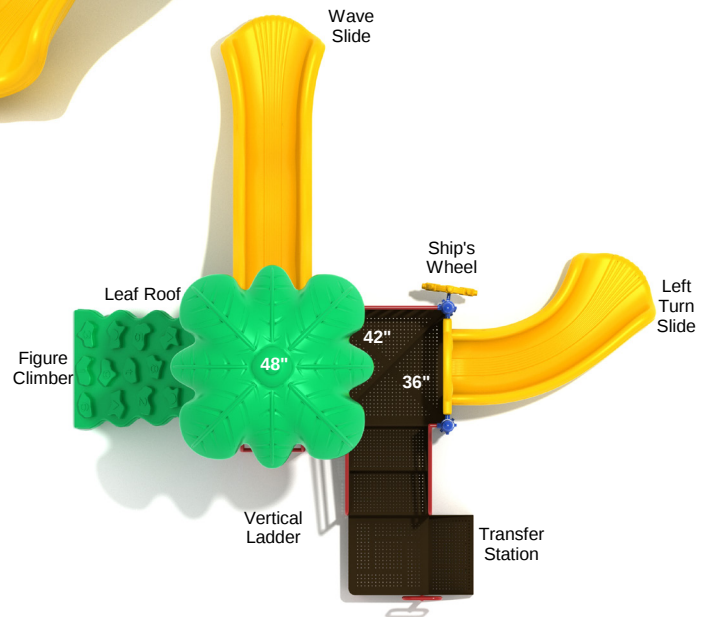

**Ground Level:** 1 components

**Primary Colors**

**Neutral Colors**

MEETS NATIONAL STANDARDS FOR:

✓ **ASTM F1487-17**

✓ **CPSC GUIDELINES #325**

## Product Description

Sitting like a tropical island in the middle of the playground, the Village Greens playground has its very own Leaf Roof to inspire imagination and adventure.

Two waterfalls cascade from the side of the structure. The first is a Wave Slide which features a bump in the middle to add to the sliding experience. The second is a Right Turn Slide that curves to one side and causes children to wobble as they descend. However, before they get to the top deck where the slides start from they must first navigate the Figure Climber. 16 angular holds are arranged in a pattern so kids have a choice of the holds they put their hands and feet in if they're going to succeed. A Ship's Wheel is an interactive feature that can be spun around but it also serves a creative purpose as children can pretend to go on all kinds of sailing adventures with their friends. The structure is created from high-quality durable plastic and galvanized steel so it can withstand being placed outdoors year after year.
