

TELEPHONE ACCESSORY

SKU # AA935-302

Telephone Accessory Instructions

⚠ CAUTION: Small Parts. Keep from children until fully assembled

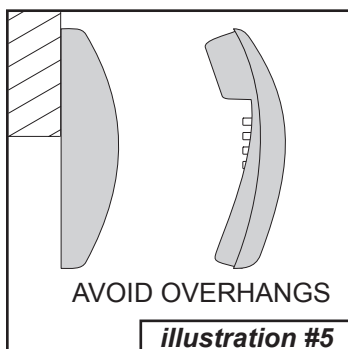

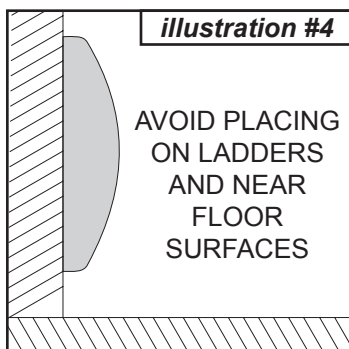

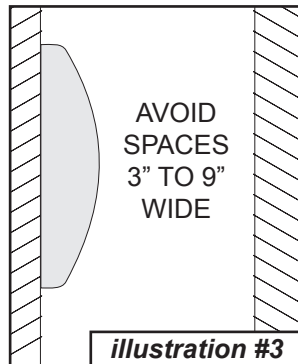

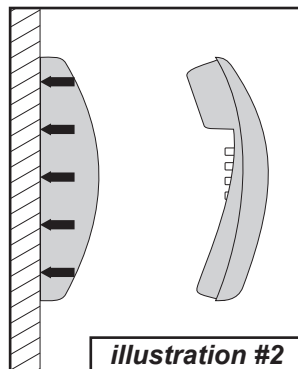

Step 1 - Attach Telephone Base to Surface

Using a #8 x 1" Screw, fasten the Telephone Base to a flat surface as shown in illustration #1. Make sure you have chosen a location that allows full contact between the Telephone Base and attachment surface. Tighten the screw until it stops against the recess in the telephone. Place the Handset on the base to complete the installation.

NOTE:

Avoid fastening the Telephone in spaces or areas that would cause head and body entrapment hazards (illustration #3). Do not fasten the telephone in places that would cause a tripping hazard (illustration #4). Make sure that the Telephone location does not provide a place for someone to strike their head on the Telephone (illustration #5).
