

## STEERING WHEEL

SKU # AE914-412

**⚠ CAUTION: Small Parts. Keep from children until fully assembled**

**ADULT ASSEMBLY REQUIRED. Intended for Ages 3 Years and Up.**

Creative Playthings takes great care to design its products with your child's safety in mind. However, only by careful supervision and explanation to your children, can you be assured of safe play time on any product designed for use by children. We ask you to carefully read the instructions before using the product. Caution: Do not allow Children to play with parts prior to assembly.

### Hardware & Components

- A (1) 5/16 x 2" Lag Screw
- B (1) 5/16" Flat Washer
- C (1) Steering Wheel
- D (1) Center Cap

### Installation

**Step #1** Choose a mounting position for the steering wheel. Avoid mounting the wheel in openings or in other positions where the wheel can be encountered by a running child. After locating the desired position, mark the center and drill a 1/8" diameter pilot hole approximately 1" deep.

**Step #2** Insert the 5/16 x 2" Lag Screw through the 5/16" Flat Washer and through the Steering Wheel as shown.

**Step #3** Hold the Steering Wheel assembly in position, insert the end of the Lag Screw into the pilot hole and tighten firmly using a 1/2" socket wrench. Note: It is very important that the Lag Screw NOT protrude through the opposite side of the wood.

**Step #4** After the Steering Wheel is installed, put the Center Cap into the wheel recess and press firmly into place.

**DO NOT** climb on the steering wheel. The wheel is inadequate to support the weight of a child

STEERING WHEEL

19629-100 Rev B (02-21)
