- Assemble the Manchester tower as shown in the instructions in Manchester Box 1 (63069-601).
- Manchester steps 28 and 29. Wait to install the wall slats until after the tower is assembled.
- Manchester step 45. Wait to install the slide until after the Dormer is in place for better ladder access..
- Assemble and install the Dormer (SM963-402).
- Install the Gable Fans (SM964-402).
- Set the slide in place to check spacing, then install the Bubble Panel (AP970-104) and two wall slats. Make sure the gap to the adjacent post is less than 3-1/2" to prevent potential head entrapment.
- Install the slide mount and slide as shown in the Manchester manual.
- Install the Tic Tac Toe (50514-100), Chalkboard (AS974-500), and associated wall slats across the back of the tower in the arrangement shown. Gaps must be smaller than 3-1/2" to prevent potential head entrapment.
- Install the Access Handles (AG942-400) on both sides of the steps.
- Mount the Slide Handle (AG943-400) above the slide.
- Double-check all fasteners are secure and all recessed hardware is covered by hole caps.
